

# Thinking About Jewish Education for Your Child?

## Consider A New Sunday School with Kehilat Chaverim

We are creating a Kehilat Chaverim Sunday School. Taking a parent-directed cooperative approach to Jewish education, we seek a curriculum steeped in culture and tradition, but not defined by it. We intend for a strong emphasis to be placed on personal ethics and social action, allowing students a variety of ways to explore their Jewish identity. (You do not need to join Kehilat Chaverim for your child to participate in the Sunday School.)

### WHO WE ARE

Founded in 1978, Kehilat Chaverim of Greater Hartford is a cooperative Jewish community established to find new ways of exploring and expressing Jewish identity. Our purpose is to meet the cultural, religious, educational, social and life-cycle needs of our members.

Literally a “gathering of friends,” Kehilat Chaverim celebrates the full diversity of American Judaism, offering a welcoming atmosphere for gay and straight families, individuals, and mixed/blended marriages.

We realize that Jewish families today lead complex and demanding lives and so are eager to determine a schedule that will facilitate the meaningful participation of everyone interested. If this includes you, please email us at [kehilatchaverim@gmail.com](mailto:kehilatchaverim@gmail.com).
